Attract New Patients

A delivery service can expand your reach well beyond your current neighbourhood.

Retain Current Patients

Show your current patients you care during COVID-19 and beyond.

Offering delivery can mean increased customer loyalty.

Increase Front Shop Sales

Since the start of the COVID-19 crisis, front shop sales are down.

Offering front shop sales for delivery can help increase revenue.

A New Perspective on Your Patients

Delivery service means connecting with your patients in the context of their lives.

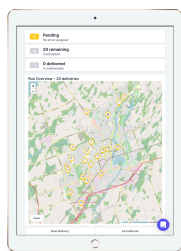

Offering Delivery Service Can Also Help Generate Referrals
